## STATE OF NEW HAMPSHIRE

---

### TOWN WARRANT

Cheshire, ss.:

To the inhabitants of the Town of Walpole qualified to vote in town affairs:

You are hereby notified to meet at the Town House in said town on Tuesday, the tenth day of March, 1942, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose a Town Clerk, one Selectman for three years, Auditors, Town Treasurer, Road Agent, Collectors of Taxes, Trustees of Public Funds, Surveyors of Wood and Lumber, Fence Viewers, and all other necessary officers.

Art. 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and for such other current expenses as may accrue.

Art. 3. To see if the town will vote to authorize its selectmen to raise money on notes of the town for current expenses, in anticipation of taxes.

Art. 4. To see if the town will vote to allow a discount on taxes.

Art. 5. To see if the town will vote to raise and appropriate \$884.88 for Class V roads, the State to contribute \$3,539.52.

Art. 6. To see if the town will vote to raise and appropriate the sum of \$1,000 to improve the Wentworth road, beginning at the end of the tarvia above Harold Foster's, continuing south.

Art. 7. To see what action the town will take in regard to drainage and gravel on the Maple Grove road, so called, starting at a point near the Maple Grove farm, going northward toward the MacNutt place.

Art. 8. To see if the town will vote to raise and appropriate a sum not to exceed \$400 to gravel the Tenney and Crehore roads, the amount to be divided equally between the two roads.

Art. 9. To see what action the town will take to improve the Burt road, so called, and raise money therefor.

Art. 10. To see if the town will vote to raise and appropriate \$1,000 to improve and gravel the Kingsbury road, beginning at the end of last year's work and continuing toward the Hill road.

Art. 11. To see if the town will vote to petition the State Tax Commission to have an audit made by the division of municipal accounting, and to make an appropriation to cover the expense of such audit.

Art. 12. To see if the town will vote to raise and appropriate \$2,000 for the support of the Community Hospital of Walpole, Inc.

Art. 13. To see if the town will vote to raise and appropriate \$360 to the Monadnock District Association.

Art. 14. To see if the town will vote to raise and appropriate \$400 for eradicating White Pine blister rust.

Art. 15. To see if the town will vote to raise and appropriate \$2,000 to paint the Walpole-Westminster bridge.

Art. 16. To see if the town will authorize its selectmen to administer and dispose of and deed any real estate acquired by the town by tax collectors' deeds.

Art. 17. To see if the town will vote to accept such funds as have been left it during the past year.

Art. 18. To transact any other business that may come before said meeting.

Given under our hands this 21st day of February, 1942.

J. W. PRENTISS,  
FRED A. RAMSAY,  
J. W. SHAUGHNESSEY,  
Selectmen of Walpole.

A true copy. Attest:

J. W. PRENTISS,  
FRED A. RAMSAY,  
J. W. SHAUGHNESSEY,  
Selectmen of Walpole.

The Division of Municipal Accounting  
New Hampshire State Tax Commission  
Concord, N. H.

January 8, 1942

**Certificate of Audit**

This is to certify that we have audited the accounts and records of the Selectmen, the Treasurer, the Tax Collector, the Town Clerk and the Trustees of Trust Funds in the Town of Walpole for the period from February 1, 1940 to October 18, 1941 inclusive. Such accounts and records were found correctly cast and properly vouched for, subject to our comments offered herein.

We submit our report in the form of Exhibits and Schedules which, in our opinion, reflect the financial condition of the Town of Walpole as of January 31, 1941, and as of October 23rd, 1941, together with information relative to activities in town affairs, to the best of our knowledge and belief.

Respectfully submitted,  
HAROLD G. FOWLER, Director,  
Division of Municipal Accounting,  
State Tax Commission.

Board of Selectmen  
Walpole, New Hampshire  
Gentlemen:

Acting upon your request to this Commission for an audit we examined the accounts and records of the Selectmen, Treasurer, Tax Collectors, Town Clerk, Trustees of Trust Funds and other Town Officers as shown herein. Our audit and examination covered the period from February 1, 1940, to and including October 18, 1941.

We submit herewith a report of audit in the form of Exhibits and Schedules together with our usual Certificate of Audit for the period under review. The Exhibits will reflect, in our opinion, the financial condition of the Town of Walpole as of the given dates in Exhibit "A," and the series of Schedules submitted will support the Balance Sheet and indicate the trend of activities in town affairs as we found them.

**Scope of Audit**

Our examination and audit included a complete review and verification of accounts and records of the above-named Town Officers. In addition, we found it necessary to review the procedure and form of reporting employed by the town officers to insure more accurate and informative reports.

We examined and compared the Selectmen's orders with the Treasurer's checks and supporting vouchers for the period under review. Corresponding accounts were reconciled with the Treasurer's records and

cash balances at the close of the period ended January 31, 1941, and as of the date of our audit.

The Treasurer's accounts and records were carefully examined and found in good order. It was found, however, that remittances to the Treasurer could be supported with better detail to provide for more informative classification of cash receipts. It is also our belief that the classification of all cash receipts should be made from the Treasurer's monthly reports to the Selectmen on the prescribed form for Selectmen's records. The verification of Cash In Bank was made by reconciliation of statements obtained from the bank where funds were on deposit.

Our examination of the Tax Collectors' accounts and records included Cash Books, Tax Warrants and Tax Sales Records for the years 1938 to 1941 inclusive. Collections and other credits by discounts, abatements and taxes sold were carefully examined and compared with remittances to the Town Treasurer and cash balances either on hand or in bank. The reconciliation of accounts between the Treasurer and the Tax Collectors was made and direct verification of unpaid taxes with the taxpayers of record was also obtained. It was suggested during the course of our audit that the prescribed forms should be used by the Tax Collectors when making remittances to the Town Treasurer. Such reports are based on the use of a standard columnar form of cash receipts book by the Collectors.

We examined the accounts and records of the Town Clerk and verified all remittances to the Town Treasurer, together with cash balances either on hand or in bank. Direct verification of such balances was made by actual count of cash on hand and by reconciliation of cash in bank through statements from the bank where funds were on deposit.

Our examination of the accounts and records kept by the Trustees of Trust Funds included the verification of cash in banks and investment securities. The activity in principal and income of trust funds was carefully examined through the accounts and records. Complete agreement was found throughout and the financial condition of all trust funds is reported herein under Exhibits E-1 to E-7 inclusive.

In addition to the foregoing, we examined the accounts and records kept by the Road Agent. Comparison of payrolls and vouchers with checks and supporting records was made in detail to ascertain the cause and effect of the present procedure. The results of this examination are shown in Schedules C-80 to C-82 inclusive.

We also examined the accounts and records of the Municipal Court, the Bridge Memorial Library and the Cemetery Committee and the results are indicated herein under Schedules in Section III of this report.

### **The Balance Sheet**

The Comparative Balance Sheet submitted herein under Exhibit "A" was prepared from the results of our audit and examination. It will be noted by comparison that the reduction of bonds outstanding through maturing bonds paid by appropriation from taxes raised is not fully reflected in the net increase of the town's surplus. This is explained by the inclusion of surplus funds as anticipated revenue when preparing the budget for the years under review. It is obviously a sign of strong financial condition, but care should be taken to closely follow the net results from operation through the record of appropriations and expenditures if this strong financial position is to be maintained. The results shown by this report are, in our opinion, very satisfactory, and yet, they might be even more so if the year had ended with an unexpended balance of appropriations.

### **Cash Balances**

Cash on Hand and In Bank as reported in the Balance Sheet and supported by Exhibits B represents a verification as of October 23, 1941, by actual count of cash on hand with town officers, and by reconciliation of bank balances through statements obtained from the Banks where funds were on deposit.

Exhibit "B-2" reports the cash on hand and in bank with Mr. Malcolm D. Williams, Tax Collector for the region south of Cold River. A review of the cash activities indicates that remittances to the Town Treasurer are not consistently made each month as required by law. The balance of cash reported herein represented collections made some time ago and held in the Tax Collector's Bank Account for several months. The practice of remitting to the Town Treasurer each month should be more closely adhered to.

### **Taxes**

Our audit and examination of Tax Warrants and related accounts included a review of the existing procedure in reporting as well as accounting. Several analyses were necessary to segregate the sources of collections and prepare the Schedules of Tax Collections and the Schedule of Taxes Redeemed submitted herein under Schedules C-20 and 21, and Schedules C-30 and 31.

The Accounting and reporting practice in use by the Tax Collectors follows the taxes as originally assessed without distinction between such taxes sold in due course and without segregation of interest charges on taxes "collected" and interest charges on "tax sales redeemed." The correct procedure was explained during the course of our audit and examination and we are confident that accounting and reporting will be more accurate and informative in the future. It should be also materially improved and simplified under the proposed procedure.

### **Tax Sales**

Tax Sales records and procedure were also carefully examined and required considerable analysis as well as detailed auditing. It was found that the purchase price of taxes sold to the Town is not consistently paid over to the Tax Collector at the time of sale. This practice necessitates more detailed accounting and tends to confuse rather than clarify the records. The prescribed forms and procedure for tax sales should be strictly adhered to and will greatly simplify the whole matter. This matter has been explained in detail during our audit. Detailed information on such matters should follow through the entire circle of accounting and reporting by all town officers concerned.

### **Appropriations and Expenditures**

We submit herein Comparative Statements of Appropriations and Expenditures under Exhibits D-1 and D-2 prepared from the results of our audit and examination. These statements are intended to clearly give the results of operation for the period under review and to show the disposition of the tax dollar. The importance of these statements cannot be too strongly emphasized.

We have prepared such statements in a detailed form to plainly indicate the results of operations in comparison with budgetary appropriations as voted by the Town Meeting. It is interesting to compare particularly the sections covering highways, bridges and new construction with the accounts and records of the Road Agent. We submit such a comparison herein under Section III, Schedules C-80 to C-82 inclusive.

It is our belief that more uniformity could be obtained by strict adherence to the purposes and intent of each appropriation as voted at the town meeting, and we further believe that all collections now recorded only in the Road Agent's accounts should be received and recorded by the Town Treasurer and then paid over to the Road Agent for final disposition. As shown by the comparison reported in Schedules C-80 and C-81 of this report, it would be comparatively easy to lose sight of the original purpose and intent of appropriations as originally made. It is also possible, under present conditions, to result in excess expenditures over appropriations.

We submit for your consideration and guidance Schedules of Appropriations and Taxes Assessed under Schedule "A-12" and Schedule "A-13" for the fiscal years 1940 and 1941. These Schedules were prepared from approved statements submitted to this Commission in due course. It is of course important that such statements be in accordance with the appropriations as voted at town meeting and they should be sufficiently detailed to afford control in accounting.

### **Trust and Investment Funds**

The results of our audit and examination of Trust and Investment Funds are submitted herein under Exhibits E-1 to E-7 inclusive. The Balance Sheets reflect the financial condition of Trust Funds as of October 23, 1941, and represent the book value of investment securities at that date.

The Schedule of Principal and Income provides the detail to support the Balance Sheet values as of October 23, 1941, and the Schedule of Changes In Principal reflects the activities in Principal during the period under review. The Summaries of Income and Expenditures will show the operating activities of Trust Funds as to the disposition of Income received from Trust Funds during the same period.

### **Municipal Court**

Schedules C-50 to C-53 inclusive were prepared from the results of our audit and examination of the accounts and records of the Municipal Court. We submit these Schedules for your information and we believe them to be self explanatory. A comparison of the Schedules with the reported activities of the Selectmen and Treasurer will readily show the reconciliation between the groups of accounts and reporting.

### **Bridge Memorial Library**

The results of our audit and examination of the accounts and records of the Bridge Memorial Library are reported by Schedules C-60 to C-63 inclusive, which are self-explanatory. We found the records in good order and in agreement with the accounts.

### **Cemetery Committee**

The accounts and records of the Cemetery Committee were examined and found in agreement and in good order. We submit the results of this examination under Schedules C-70 and C-71 in this report.

### **General**

The courtesies and attention extended to members of our staff throughout this audit is very much appreciated and we offer our sincere

thanks to all Town Officials who so generously extended their time and efforts toward making this assignment a very pleasant one.

Respectfully submitted,

Harold G. Fowler, Director  
Division of Municipal Accounting  
State Tax Commission

Noe Allard, Auditor  
Alan R. Matthews, Accountant  
Harry G. Hagar, Accountant

## REPORT OF COMMITTEE ON TOWN LIBRARY

---

Activities of the library during the year past include: a very successful Tag Day held to raise money for special equipment for the children's corner of the reading room. This equipment is being put to advantage during a weekly story hour which Miss Bellows is holding for pre-school children every Thursday afternoon.

There was a Christmas book exhibit of children's books loaned by the New Hampshire Public Library Commission. A Christmas Story Hour, for which the committee expresses it's appreciation to Mr. and Mrs. Bragg and Miss Sarah Lamb through whose efforts it was made a success.

National Art Week was observed by the display of prints of famous paintings loaned by the State Library.

The librarian is at present conducting a Victory Book Campaign in the community for the United Service Organization.

Miss Bellows attended the summer school library course at the University of New Hampshire, concentrating on courses in cataloguing, work with children and in the workshop for book mending and poster making. Since her return she has been working for the improvement of our filing system. The new method has many advantages in neatness and efficiency.

During Miss Bellows absence in Concord Miss Helen Gilman substituted for her. At other times during the year Mrs. Jennie Mullen and Mrs. Clyde Jeffrey have served in that capacity.

The new furnace installed this fall has made the library, in particular the stack room, more comfortable.

The committee thanks the following for the gift of books: Robert Hall, Mrs. Theodore Harris, Mrs. Clifford Bellows, Mrs. Neil Stevens, Miss Pierce, Misses Jennison, Mrs. Carol Moore and the Walpole Book Club.

Statistics for the year show—A circulation of 9,581 of which 1,203 were non-fiction and magazines 667. 207 books were loaned by the Library Commission and Victrola records have been obtained from the State Library. The number of books purchased were 263. We have bought 139 books for North Walpole and their circulation this year was 4,610.

Respectfully submitted,  
MARGARET P. PORTER,  
Chairman.

## STATE OF NEW HAMPSHIRE SCHOOL WARRANT

---

To the inhabitants of the school district in the town of Walpole qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on Saturday, the 14th day of March, 1942, at 2.00 o'clock in the afternoon to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose two members of the school board for three years.
4. To choose a treasurer for the ensuing year.
5. To choose two auditors for the ensuing year.
6. To hear the reports of the school board, treasurer and committees and take any action thereon deemed necessary.
7. To see if the district will vote to make any alterations in the amount of money to be assessed to meet the 1942-43 budget as printed and raise money for the same.
8. To see if the district will authorize its School Board to enter into a contract with the School District of Rockingham for payment of high school tuition.
9. To see what sum the district will vote to raise and appropriate for repairs and new equipment.

To transact any other business which may legally come before said meeting.

Given under our hands this 9th day of February, 1942.

AUSTIN I. HUBBARD,  
GEORGE M. ROLAND,  
JAMES L. BAKER,  
JOHN E. AYLWARD,  
HELEN GALLOWAY,  
EVERETT E. RHODES, JR.,  
School Board.

A true copy of Warrant—Attest:

AUSTIN I. HUBBARD,  
GEORGE M. ROLAND,  
JAMES L. BAKER,  
JOHN E. AYLWARD,  
HELEN GALLOWAY,  
EVERETT E. RHODES, JR.,  
School Board.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Walpole:

I hereby submit my annual report as Superintendent of Schools.

### ORGANIZATION AND ENROLLMENT

Four new teachers were elected to fill vacancies on the teaching staff:—Miss Sylvia Koski received appointment as teacher at the Drewsville school. Miss Koski is a graduate of Keene Teachers College four year elementary curriculum. Miss Marion James, University of New Hampshire 1940, was employed to teach courses in Social Science, English, and Art at the Walpole Village school. Miss Edna Dreyer, a graduate of the New England Conservatory of Music, was elected as full time music instructor in all schools of the district. The resignation of Miss Laura Russell after the fifteenth week of school made it necessary to get a new teacher to complete the school year. Miss Edith Prescott, a graduate of Radcliff, was engaged to fill this vacancy. Miss Prescott is unusually well prepared to teach the courses in Latin, English, and History; and to act as supervisor of the girls' physical activity program.

The change of teachers on the Walpole High School teaching staff made possible a reassignment of some courses in accordance with the special preparation and qualifications of the teachers in service. The English classes in the upper two years of the high school were assigned to Miss Herbert.

Because of the special training of one of the new teachers, we have been able to organize this year, a course of instruction in Art, for all pupils in the village school.

The full time program in music has enabled us to arrange regular classes in vocal music on two days each week for all pupils. In addition to the usual class vocal instruction, the music activity program has been considerably broadened to include individual and group instruction on the piano and other instrumental group activity;

special ensembles; and the development of features to accompany other public demonstrations.

No changes were made in the North Walpole teaching staff. Continuation in the use of the new athletic field and recent acquisition of Russell Hall for school use, have given impetus to the development of an excellent physical activity program for the boys and girls of this section. This program, like that in the Walpole village school, is well organized and correlated with all other activities of the school.

During the past few years there has been increasing interest and public support for the various activities of the elementary schools of the district. These have grown from the usual seasonal class room programs to community entertainments which are now being held to some extent in the evening.

In the assignment of preference ratings, schools have been classified as a necessary productive agency. This recognition is given to facilitate the process of procuring equipment and supplies which are necessary for their maintenance. Thus is emphasized the importance which education has in the program for the defense of the principles of democracy. The present emergency places on our schools a two-fold responsibility; namely:—

1. The general education and training of pupils to produce intelligent and helpful members of American society.

2. The development of attitudes toward democracy and the attainment of the basic knowledge and skills necessary for the realization of our immediate objectives.

The democratic pattern for education provides that mental and emotional attitudes shall be well balanced and shaped by intellectual understanding. The responsibility of our schools should be extended to serve adults as well as the younger pupils. It is recognized that the public must assume some responsibility for the thought and well being of all people capable of profiting from instruction—either academic or practical. The democratic principles

of freedom of thought and action may be safely entrusted to a generation of people who are prepared in our schools for this responsibility.

Care must be exercised that the long range program of our schools shall not suffer from the pressure of other important objectives demanding attention and support. Competition from expanded industrial defense preparations has already caused a scarcity of qualified teachers. The larger towns and cities will undoubtedly seek to maintain their school standards by looking to the districts which are on a low salary schedule for candidates to fill their vacancies. Other school costs are advancing and are bound to increase still more. Some of this increase may be offset by practicing measures of strict economy when consistent with efficiency. Although certain temporary adjustments in the use of instructional materials will be compelled by the present emergency, no retrenchment in our general educational program should be made voluntarily because of misguidance in measures designed to affect economy. Your children are entitled to the best instruction that modern education can provide within the range of local facilities and reasonable financial support. The welfare of each local community and the future of our country depend upon the attitudes developed in well organized and supported public schools.

---

### SUMMARY OF ENROLLMENT

January 15, 1942

---

Walpole High School,	95
North Walpole High School,	35
Walpole Junior High,	55
Walpole Elementary (grades 1-6),	121
North Walpole Elementary (grades 1-8),	129
North Walpole, Sub-Primary,	15
Number 14 school,	25
Drewsville,	23
<hr/>	
Total,	498

The attendance record in the Walpole village school this year has been seriously affected by the epidemic of whooping cough during the fall term. Grades one and two in the Walpole village school have this year been organized as separate units. The division was made because of the unusually large enrollment—30 in grade 1 and 22 in grade 2. Special reading classes in grades 3 and 5 are conducted by the first grade teacher in the morning and afternoon sessions after the dismissal of the pupils in grade 1. This reorganization, if continued, should strengthen both oral and silent reading in the first six years of the elementary schools. The new Elson-Gray basal reading system has been adopted and installed in the first grades of Walpole village, Number 14, and Drewsville. At North Walpole, the Alice-Jerry system has been installed in the sub-primary. Both systems are complete with reading readiness material, pre-primers, primers, first readers and work book.

### HEALTH

Health inspection in Walpole showed the following defects:

484 pupils were inspected.

15 pupils showed defective vision—uncorrected.

368 pupils were in need of dental care.

17 pupils were unvaccinated—with proper excuse.

51 pupils were advised to have throat and nose examination by a physician.

Dental clinics were held as follows:

At Walpole March 4th, to 25th, 1941, North Walpole, March 26th to April 9th, 1941. Work done by Dr. J. H. Grimes of Keene, N. H.

Number of pupils treated,	174
Number of pupils receiving complete care,	169
Number of pupils having teeth cleaned,	150
Number of porcelain fillings,	84
Number of silver fillings,	181

Number of treatments,	33
Number of temporary teeth extracted,	44
Number of permanent teeth extracted,	14
69 pupils had their teeth cared for by their own dentist.	
11 pupils had tonsil and adenoid operations at clinics.	
5 pupils were treated privately for tonsils and adenoids.	
14 pupils had special eye examinations and defects corrected.	
8 pupils were vaccinated during the school year.	

Following the practice established in previous years, a series of fall meetings was arranged for all high and junior teachers in the supervisory union. These meetings were devoted to a discussion of teaching methods and professional problems.

Walpole school children are well prepared to participate in national defense by the purchase of United States defense savings bonds. Substantial amounts from the balances on their Thrift Savings Accounts have been applied to the purchase of these bonds.

The Thrift Savings System which operates in the schools of the district in cooperation with the Walpole Savings Bank, affords an excellent opportunity to instruct children in lessons of thrift and to impress them with the values of regular and systematic saving. It is hoped that still larger amounts from these established funds will be transferred to the purchase of Government Bonds.

This year the facilities of the farm shop are being used in cooperation with the government's plan for national defense training. Out-of-school young men between the ages of 16 and 25 have been enrolled in a class in auto-mechanics dealing with both gas and diesel engines. The course extends over an eight weeks period and meets on four nights each week for a total of 120 hours. A practical operator and mechanic has been secured as instructor. The course is being conducted without cost to the district.

At the conclusion of this course, it is hoped that sufficient interest will be manifested by the farmers of the district, to warrant the establishment of a one night per week course in farm-machinery-repair work. Such a course, if organized, would permit farmers to conserve farm machinery by bringing it into the school shop for repair and adjustment.

### BUILDINGS AND EQUIPMENT

The following improvements and repairs were made at the various schools during the year:

#### Walpole Village School:

The windows in all three buildings were re-puttied and sashes, painted.

A sound retaining wall was installed in the high school office. Twelve new screens with attached wind breaks were purchased for the windows. A new door was hung between the main room and science laboratory.

New sections of blackboard were installed in the first and eighth grade rooms. Sections of blackboard were painted in the two rooms of the primary building.

The desk tops were varnished in all class rooms. The flag pole was painted.

One hallway in the primary building was papered and both hallway ceilings were whitened. Two new electric clocks were installed. Four new fire-extinguishers were added to the fire fighting equipment. Storm window attachment fixtures were fastened to the frames of all windows having this protection.

#### North Walpole:

Kilburn building: A rock maple floor was laid in the lower hallway with oak treads extending to the second landing of both stairways and to the boys' basement. A concrete floor with center drain was constructed in the boys' basement; the pipes were reset for three urinals; three toilets with tanks and six new toilet seats were installed. A new pipe with valves was installed to cut off

pump in the main pipe line. Three new faucets were installed—two on outside of building and one on the boiler. The underpinning under toilets in the girls' basement was reset.

#### Keep building:

Fourteen return pipes on the steam heating system were changed over to facilitate heating the building and two water set cocks were added. The main air shaft was rebuilt and repairs were made to the chimney draft chamber. A new concrete platform was constructed in the boys' basement and one new toilet tank was added. The floors in all classrooms and hallways of both buildings were scrubbed with caustic soda to remove accumulation of excess oil. The desks in the classrooms of both buildings were sanded, stained, and varnished. New curtains were fitted throughout as needed. One electric clock and two fire extinguishers were added to the equipment.

#### Number 14 School:

The floor and walls in the boys' toilet room and the inside of front door were painted. The desk tops were varnished. New swing ropes and rings were installed. The stove pipe was enameled. Two sections of grate in heater were replaced.

#### Drewsville:

The plastic walls and ceiling were painted. The seats in the boys' and girls' toilets were painted. The swing standards were painted and new rope swings were made. The desk tops were varnished. A new electric clock was installed.

#### STATISTICAL REPORT FOR 1940-1941

Total registration,	506
Average membership,	469.29
Percentage of Attendance,	96.2
Cases of tardiness,	514
Number of pupils not absent or tardy,	51

The facilities of the Walpole Hospital have again been made available to the village school for dental clinics and emergency cases. I wish to express appreciation for this and for the physical examinations of basketball boys and girls conducted without charge by Dr. Kendall and Dr. Stevens.

The W. H. S. class of 1941 gave the school a new reading table.

I wish to express appreciation for the support and co-operation which I have received during the year from members of the School Board, headmasters, teachers, parents, and pupils.

Respectfully submitted,  
CHARLES D. DALZELL,  
Superintendent of Schools.

## REPORT OF HEADMASTER WALPOLE HIGH SCHOOL

---

Mr. Charles D. Dalzell, Superintendent of Schools.

Dear Sir:

I herewith submit my annual report as Headmaster of Walpole High School.

### REGISTRATION

	Senior High	Junior High
Number of pupils enrolled,	95	57
Boys,	44	32
Girls,	51	25
Number transferred or withdrawn,	8	2
Present enrollment,	87	55
Number of pupils not absent or tardy,	37	8
Number of cases of tardiness,	5	7
Percent of attendance,	97.5	92.8
Number of visits by parents and others,	20	5
Non-resident enrollment,	14	0

The total enrollment of 152 marks the highest total of any year to date. The number of withdrawals is higher than usual. Only two withdrawals have been due to lack of interest in continuing their education, two secured employment and four transferred to other schools due to change in residence.

Our tardiness record is excellent and far better than last year. The majority of cases have been due to late busses, a condition beyond the control of the pupils.

Considering the prevalence of whooping cough our attendance record is commendable. The high school percentage is well above the state average. In practically all cases parents and pupils have been very cooperative in an endeavor to maintain proper attendance.

The number of visits by parents and other citizens continues to be very low. We wish more people would visit

the schools and familiarize themselves with the work being done.

### SCHOLARSHIP

In an effort to give parents as well as pupils ample warning of the possibility of failures, notices are being sent home at the mid-point of each marking period. By this plan we hope to enlist the cooperation of parent, teacher and pupil in a joint endeavor to improve the general scholarship.

The annual inspection by the high school agent of the State Board of Education has been completed. The report was very favorable in respect to high standards of work being done and the general attitude of the school.

The usual complete testing program has been carried out. In addition we have continued the practice of drill work in the fundamentals of spelling, place geography, handwriting and arithmetic. These are given during available activity periods.

### ORGANIZATION

The numerous school activities of the past year have been coordinated with the school work under the guidance of the teaching staff. Athletics, dramatics, music, school publications and the various social activities are all considered a vital part of the program. In these endeavors teachers and pupils work together in developing good sportsmanship, fair play and cooperation.

One notable addition to our athletic program has been the inclusion of Sports Days with neighboring schools. A variety of games are played combined with a social hour which affords an excellent opportunity for all to become better acquainted.

Our school socials have been well attended. Each class plans to have one social during the year which is free to all pupils. The Blue and White Club has been prominent in these affairs planning the fall picnic at Vilas Pool, the freshman reception and the annual Christmas Party.

Some very excellent assembly programs have been presented by the pupil organizations and visiting talent. The school programs, under the guidance of faculty members, have been of a high order. The Blue and White Club assumes responsibility for the outside speakers and entertainers. Included in the latter have been talks relating to the defense program, aims and purposes of the State Older Boys' Conference and a very excellent exhibition of magical stunts. Moving pictures depicting scenes of New England agriculture, the County Y. M. C. A. Camp, the Heritage of America, and methods of handling incendiary bombs have been both educational and entertaining.

The music program has been expanded to include the orchestra, band, glee club, general chorus and opportunity for some individual instruction. The majority of our pupils take part in one or more of these activities.

### HOME ECONOMICS

The two courses included in the curriculum for Home Economics are Clothing and Textiles and The Home, Its Care and Management. Each class has a membership of fourteen girls.

The work in clothing emphasizes the care and repair of clothing and the renovation of garments in preference to the construction of new ones. A total of 120 hours home project work is completed by the girls during the year. This work is supervised by conferences and home visits of the Home Economics instructor.

The program of work for The Home, Its Care and Management includes the selection of a home, its furnishings and the management of both time and money. These girls have 60 hours of home project work to complete during the year.

Hot lunches are being served to a group averaging 45 boys and girls. The lunch is prepared by the freshman-sophomore class and served with the help of eighth grade girls. All pupils who of necessity bring their lunch may include this hot dish at a very nominal cost.

The Home Economics Club has continued its membership in the state organization. Last spring nine members attended the State Meeting held at the University of New Hampshire. In addition to regular activities this year the girls packed and gave a Thanksgiving basket and are now busily engaged in knitting for the Red Cross.

## AGRICULTURE

The total enrollment in the Agricultural Department numbers twenty-seven; four in the Junior-Senior group and twenty-three in the Freshman-Sophomore group.

Classwork for the year has been based on the four year plan of work which is made up from the agricultural enterprises of the patronage area of the school. Each boy enrolled carries on a farm practice program in the field of his major interest and which fits his home conditions. These programs include dairying, poultry raising, orcharding and vegetable gardening.

Trips have been made to local farms to gain a working knowledge of local farm procedures, to the dairies in Bel lows Falls and North Walpole, the Cheshire Fair, the Future Farmer Meeting at Weare in May and to the Inter-scholastic meet at Durham, where two of our boys took first places in fruit and poultry.

The Annual School Fair was held October second in the Town Hall. Displays of school work, home economics projects, agricultural exhibits and shop work were shown. Concessions were held by each of the four high school classes and the Future Farmer and Home Economics Clubs. The fair was conducted by boys and girls in the capacity of Superintendents of Departments. Two one act plays climaxed the evening's entertainment. We are indebted to members of the Extension Service for judging the exhibits.

The agricultural boys carried on the school greenhouse, raising transplants for themselves and the community. The apple orchard was cared for including spraying, pruning, mulching, protecting the trees from rodents and

borers, and harvesting over two hundred bushels of apples. The spray program was also extended to those people in the community who desired to have their own trees sprayed. About one thousand feet of lumber, both hard and soft wood, was cut by the boys from the Hooper wood lot and stored at the Hooper School for later use in the Agricultural and Manual Training shops.

In conclusion may I take this opportunity, to express, in behalf of the school, appreciation to the many people who have contributed to the success of the school activities during the past year.

Respectfully submitted,

JOHN K. WHITTEMORE,

Headmaster, Walpole High School.

## REPORT OF HEADMASTER NORTH WALPOLE HIGH SCHOOL

---

Mr. Charles D. Dalzell, Superintendent of Schools,  
Walpole, N. H.

Dear Sir:

I submit herewith my annual report on the work and condition of the North Walpole school.

### ENROLLMENT

The registration of pupils by grades is: Grade 10, Boys, 11, Girls, 6, total, 17; Grade 9, Boys, 14, Girls, 4, total, 18; Grade 8, Boys, 14, Girls, 5, total, 19; Grade 7, Boys, 8, Girls, 5, total, 13; Grade 6, Boys, 9, Girls 11, total, 20; Grade 5, Boys, 5, Girls, 10, total, 15; Grade 4, Boys, 9, Girls, 9, total, 18; Grade 3, Boys, 11, Girls, 7, total, 18; Grade 2, Boys, 5, Girls, 7, total, 12; Grade 1, Boys, 8, Girls, 7, total, 15; Sub Primary, Boys, 6, Girls, 9, total 15; grand total, Boys 100, Girls, 80; Complete total, 180.

### ATTENDANCE

Our annual high mark for attendance has been maintained this year. We have been fortunate in not having a large number of absences due to epidemic causes. This reacts favorably in the work of the children as very little time is lost from school tasks.

The grade averages for the first twenty weeks of the school year are: Grades 10 and 9, High School, 98; Grade 8, 97.78; Grade 7, 97.27; Grade 6, 97.27; Grade 5, 97.95; Grade 4, 95.77; Grade 3, 98.85; Grade 2, 96.71; Grade 1, 97.66; Sub Primary, 95.55.

The tardy marks for the grades are: Sub Primary, 1; Grade 1, 7; Grade 2, 5; Grade 3, 2; Grade 4, 11; Grade 5, 15; Grade 6, 6; Grade 7, 21; Grade 8, 7; Grades 9 and 10, 41. Total, 116. Many of the higher grade tardy marks are caused by attendance at church services.

## PARTICIPATION IN WAR WORK

The entrance of our country into war has placed upon our school a responsibility that calls for the best efforts of our teachers to teach the lessons of patriotism and love of country. We are meeting this duty by endeavoring in all possible ways to keep before our pupils the great heritage we possess in our form of government and our way of life as opposed to the forces that are threatening to destroy them.

Each grade has contributed to the Junior Red Cross fund. Many pupils have transferred their weekly savings to the purchase of Defense bonds. Many also have bought Defense stamps. Our school is organized to provide protection for the pupils in the event of air raids. Drills have been held to permit immediate evacuation of the pupils to their homes. Pupils in the various sections of the town have been grouped and assigned to teachers who will supervise their journey home.

Our work in the social studies as far as it is possible and judicious, is correlated with lessons to be learned from present day events.

## COURSE OF STUDIES

A full year course in Economic Geography was placed among the second year High school subjects this year.

This study takes the place of the Bookkeeping course previously given in this year. The change was made to prevent duplication with the Third year Bookkeeping course given in the Bellows Falls High school. The annual tests will be given about the first of March. These tests are Intelligence and Achievement material to furnish a check of the accomplishment of the pupils.

The annual inspection of the work of the High School has been made by Russell Leavitt, High School agent. His report was favorable.

Miss Edgett, School Nurse, has also completed the Health examination of the pupils. A test to examine the hearing of the pupils will be given soon.

The appointment of Miss Dreyer as full time Music teacher provides us with her services two days a week. Opportunities for instrumental lessons are being offered. Classes in violin, drum and piano are being conducted. A Glee club of High School girls has been formed.

Two operettas were presented by the High School and Elementary pupils toward the close of the school year. They were well presented and received many favorable comments. Plans for the presentation of this year's operettas are being made.

### ATHLETICS

A series of baseball games, intramural and interscholastic, was played by the boys of Eighth, Ninth and Tenth grades last year. The opportunity to play basketball has been thoroughly enjoyed by our pupils this year. A High School team has been formed and has played a number of games with teams from High Schools in adjacent towns. Its fine playing resulting in many victories has aroused great interest and school spirit and reflects great credit on the work of Mr. Dube, the coach. Intramural games have also been played by the boys and girls of the upper classes.

Respectfully submitted,  
JAMES A. RUSSELL,  
Headmaster.

## VITAL STATISTICS

---

To the Selectmen :

In compliance with an act of the legislature, passed June session, 1887, amended by the legislature of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the Annual Report," I hereby submit the following :

# BIRTHS REGISTERED IN THE TOWN OF WALPOLE, N. H., FOR THE YEAR ENDING DEC. 31, 1941
